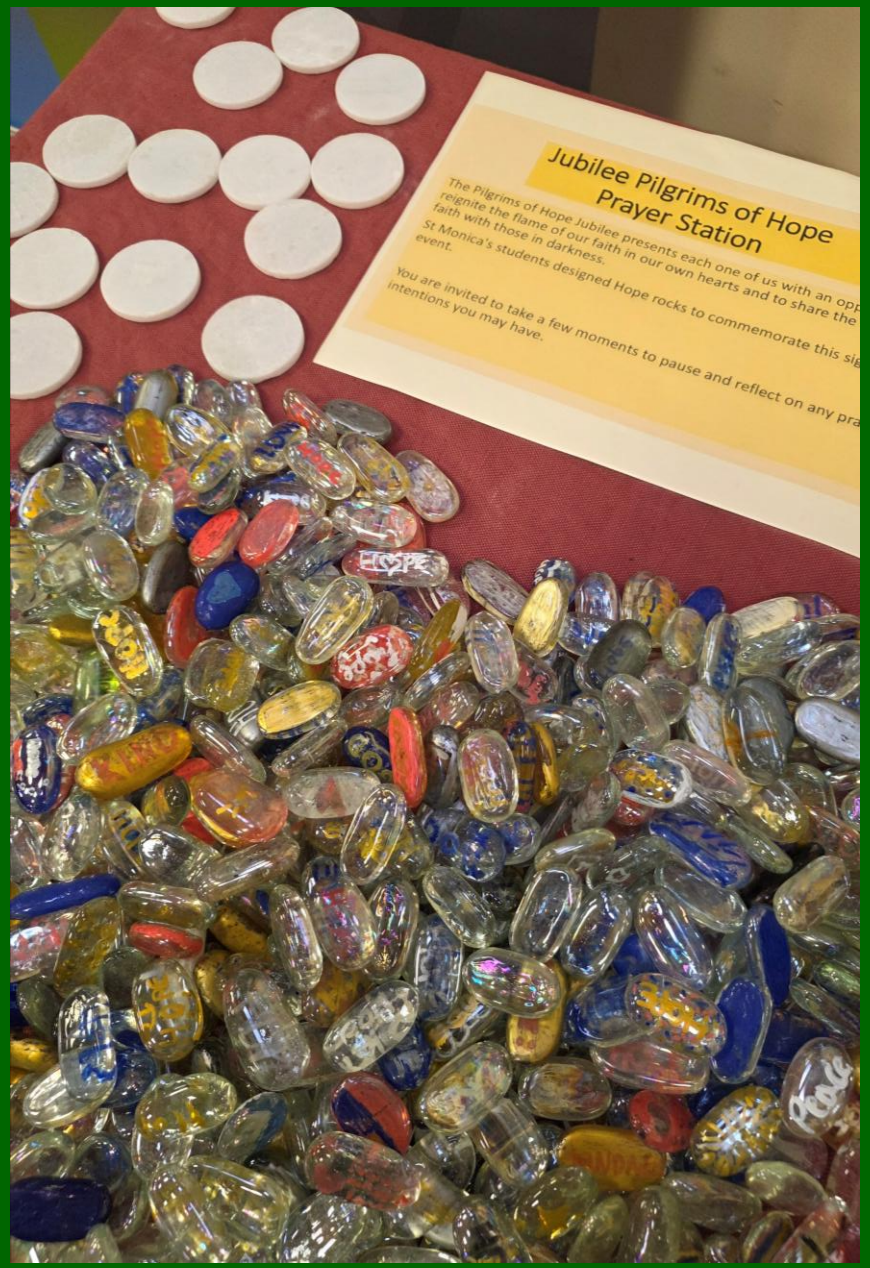
JUBILEE 2025
PILGRIMS OF HOPE
JUBILEE PRAYER
Father in heaven,
May the faith you have given us in
Your Son, Jesus Christ, our Brother,
And the flame of charity enkindled
In our hearts by the Holy Spirit,
Reawaken in us the blessed hope
For the coming of your Kingdom.
May your grace transform us into
Tireless cultivators of the seeds of the Gospel.
May those seeds transform from within
Both humanity and the whole cosmos
In the sure expectation of a new heaven
and a new earth,
When, with the powers of evil vanquished,
Your glory will shine eternally.
May the grace of the Jubilee
Reawaken in us, Pilgrims of Hope,
A yearning for the treasures of heaven
Jesus falls
the third time



Jubilee Pilgrims of Hope
Prayer Station
The Pilgrims of Hope Jubilee presents each one of us with an opp
reignite the flame of our faith in our own hearts and to share the
faith with those in darkness.
St Monica's students designed Hope rocks to commemorate this sig
event.
You are invited to take a few moments to pause and reflect on any pra
intentions you may have.

The Greatest Stories from the QURAN
THE GLORIOUS QUR'AN

BUDDHIST

INVENTORY
Linnea Tobias explores fl
forms, using curvaceous lines
smooth transitions to represen
the human body. Her style is
minimalistic, yet complex, and
difficult to recreate. She often
uses restrained colour schemes
with accents of bold hues that
create visual tension. Her process
of layering digital techniques
blurs the boundaries between
physical and digital space.
Tobias uses a balance betw
geometric shapes
and free-flowing organic forms.
This reflects her interest in the
contradictions with human the
experience.
A key theme in Linnea
Exploration of the human form. Often through the lens of ide
experience of the body. Her figures are abstracted, but still cont
traits to evoke a sense of personality and emotion. The work
sometimes fragmented or elongated, speaks to the notion of la
consistently shifting between physical form and psychological exper
also draws inspiration from the natural world and digital
combination of organic shapes such as curvature of the human
influence of digital spaces and virtual realms creates
a unique tension in her work. This juxtaposition is
evident in the way she mixes organic, flowing forms with
crease digital lines. Her works also delve into the
impact of social media and technology on our
sense of self and reality, offering a reflecto
the increasingly blurred line between digital
physical worlds.

Time
D
S × T
Speed = distance / time
Time = distance / speed
Distance = speed x time
What is the speed of light?
Distance from sun to earth = 149,600,000,000 m
Time it takes light to get here = 490 s

The Beatles were from Liverpool and the lead sin
was John Lennon. They played music that combined
Rock n Role, blues and pop music. I would
travel back to 1963 to the rise of Beatlemania.
I would of liked to have seen them at
the most famous concert held at
Shea Stadium. This concert was
in New York and had the largest
audience the Beatles had
ever preformed for. Fans
from all different
backrounds came
together to march
the Beatles.
There is
also film

concert
If I
could ask
the fans
one question
it would
be what it
would be
like to be
at Shea
Stadium. I
would also like
to meet John
Lennon, and ask him
what his favourite
song was. Yoko and John
sang a song from their bed
that became an anthem for
the anti-war movement. I'd
like to know what John thinks
about the world today.
I
think
John has
written some
of the best music
in the world, my
favourite song is
'Help'. I'd ask him
what advice he would
give to new bands today.
